PROJECTS

Threat Intel Platform

Built open-source MISP instance for real-time IOC sharing across 5 African telcos.

Ransomware Playbook

Authored incident response playbook deployed across MTN Group; 60% faster response.

PROFESSIONAL SUMMARY

Certified ethical hacker and SOC Tier 3 analyst with B.Tech in Cybersecurity and 5 years defending enterprise networks. Specialises in threat hunting, incident response and penetration testing. Experienced with SIEM platforms, endpoint detection and cloud security posture management.

WORK EXPERIENCE

SOC Analyst Tier 3 / Threat Hunter

MTN Group Cybersecurity, Accra

Jan 2021 – Present

- Led threat hunting operations detecting 3 APT campaigns before breach.
- Triaged and investigated 1,200+ security incidents per month across 22-country footprint.
- Developed SIGMA rules reducing false positive rate by 48% in Splunk SIEM.
- Conducted annual red team exercises with external pen-test partners.

SOC Analyst Tier 2

Stanbic Bank Ghana, Accra

Sep 2018 – Dec 2020

- Monitored 15,000-endpoint environment with IBM QRadar SIEM.
- Responded to phishing and ransomware incidents; contained average dwell time under 2 hours.
