PROJECTS

S&OP Digital Transformation

Replaced manual planning with SAP IBP; saved KES 420M in waste.

Last-Mile Innovation

Piloted motorcycle delivery in Kisumu; cut delivery time 35% and cost 22%.

PROFESSIONAL SUMMARY

Certified supply chain professional with B.Tech in Industrial Engineering and MBA in Operations. 8 years optimising end-to-end supply chains in FMCG, pharma and logistics sectors across East Africa. Proven record in cost reduction, S&OP, inventory optimisation and supplier development.

WORK EXPERIENCE

Supply Chain Manager

Unilever East Africa, Nairobi

Jun 2019 – Present

- Led S&OP redesign across 8 categories; improved forecast accuracy from 68% to 87%.
- Reduced total logistics cost by 19% through carrier consolidation and route optimisation.
- Managed supplier base of 120+ vendors; implemented SRM programme with quarterly scorecards.
- Oversaw KES 3.8B inventory portfolio; reduced DIO from 45 to 31 days.

Logistics & Distribution Analyst

DHL Supply Chain, Nairobi

Aug 2015 – May 2019

- Modelled optimal warehouse network design saving KES 280M in annual distribution costs.
- Implemented WMS (Manhattan Associates) across 3 facilities.
